

CARA MENDAPATKAN API KEY UN COMTRADE

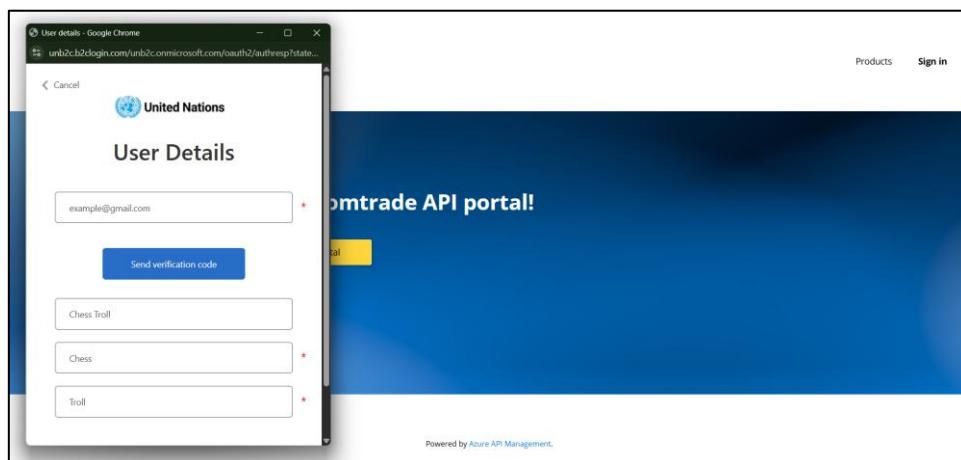

1. Akses URL berikut: <https://comtradedeveloper.un.org/>

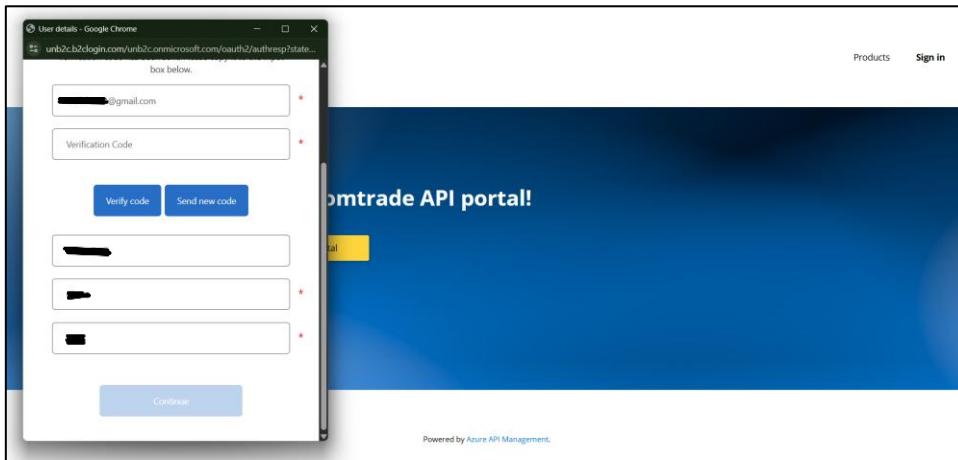

2. Klik 'Sign In to Comrade Developer Portal'
3. Gunakan akun Google anda

4. Dapatkan kode verifikasi melalui email

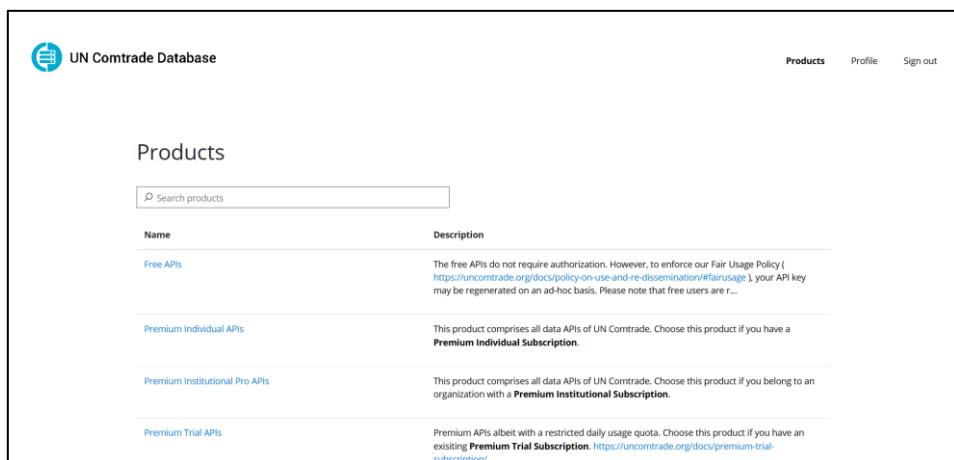

5. Masukkan kode verifikasi lalu lengkapi data diri

6. Setelah anda selesai, klik 'Explore APIs'

7. Anda akan diarahkan ke daftar API yang tersedia. Di sini kita akan gunakan 'Free APIs'

8. Pada kolom subscriptions masukkan nama projek anda. Tidak perlu khawatir, tidak ada pembelian terhadap penggunaan Free APIs

The screenshot shows the 'Free APIs' section of the UN Comtrade Database. At the top right, there are links for 'Products', 'Profile', and 'Sign out'. Below the header, the title 'Free APIs' is displayed. A note states: 'The free APIs do not require authorization. However, to enforce our Fair Usage Policy (<https://uncomtrade.org/docs/policy-on-use-and-re-dissemination#fairusage>), your API key may be regenerated on an ad-hoc basis. Please note that free users are required to log in to the user interface or portal regularly in order to keep their API keys active.' To the right of the note is a dropdown menu with 'Free APIs' selected. Below this, under 'Your subscriptions', it says 'You don't have subscriptions yet.' There is a search bar labeled 'Example' and a yellow 'Subscribe' button. At the bottom, there is a section for 'APIs in the product' with a dropdown menu.

9. Selamat! Anda baru saja berhasil mendapatkan API key anda

The screenshot shows the 'User profile' section of the UN Comtrade Database. At the top right, there are links for 'Products', 'Profile', and 'Sign out'. The title 'User profile' is at the top. Under 'Account details', it shows: Email [REDACTED]@gmail.com, First name [REDACTED], Last name [REDACTED], Registration date 12/03/2025, and a 'Close account' button. Below this is a 'Subscriptions' section. It includes a table titled 'Subscription details' with columns: Name, Started on, Primary key, Secondary key, Product, State, and Action. The table contains one row: Name Example, Started on 12/03/2025, Primary key x00000000000000000000000000000000, Secondary key x00000000000000000000000000000000, Product Free APIs, State Active, and Action Cancel.
